

Promises

Verse 1

Am | F | C | G |
I have decided to believe this
Am | F | C | G |
That clouds cannot defeat the sun
| Am | F | C | G |
The truth remains your words won't fail
| Am | F | C | G |
So I rise again believing every one

Our conversations I remember
And I hang on to every word
Cos I have faith, you'll light my way
Again

Chorus

| C | Em | Am | F
I believe your promises are yes and amen
| C | Em | Am | F
I believe your promises are yes and amen
| C | Em | Am | F
I know you said it once and I believed you then \
| C | Em | Am | F
So I still believe it

Verse 2

And every dream is a horizon
At times they've seemed so far away
The truth be told, they're closer now
As I walk towards them every single day

You showed an army to the prophet
Revealed a plan among the stars
You see the things that I can't see
Alone

Bridge Dm F C

I want in, I want in
I won't give in
I want in, I want in
I won't give in
